Dear Sir:

I am at college at Bernard M. Baruch College. I am now in the midst of doing an extensive survey which I hope will lead to a book on the John F. Kennedy Assassination. As of now my research concerns itself with anything to do with the assassination. It includes the actual shooting, The Warren Commission, The Critics, Garrison's investigation and anything that had to do with that tragic day of November 22, 1963.

I am writing to you because I feel you might be of some help to me. Any information which you could send me, which you feel might be of some help in my research I would greatly appreciate.

I hope you will please excuse the informality of this letter. It is just that I have so many people to write to and I don't have the time. I hope you will please understand. Any help you may offer will be appreciated so much.

Thank you very much for taking your valuable time to read my letter.

Sincerely yours,

Steve Blostein
